Problem The ClearCase Support Group has received an HP machine to use as a restricted build platform. It has not yet been installed. Need Date: Friday March 6, 1998.			
Proposed Solution Install the HP J210 machine designated EIN 1368 as a build platform. Configure it exactly like the HP machine named relbhpcs. Install the machine on the 119 (ClearCase) ring. Restrict access to the ClearCase support group. The password file from the machine blood lists the current allowed passwords for the ClearCase Support Group. Name this new machine "mulder".
